

Setting Up Application Environment

Docker Installation

Date	01 NOV 2022
Team ID	PNT2022TMID26762
Project Name	Plasma Donor Application
Team Members:	Kamlesh kumar kohli , A.Akash , HariyanPriyan, Lokesh

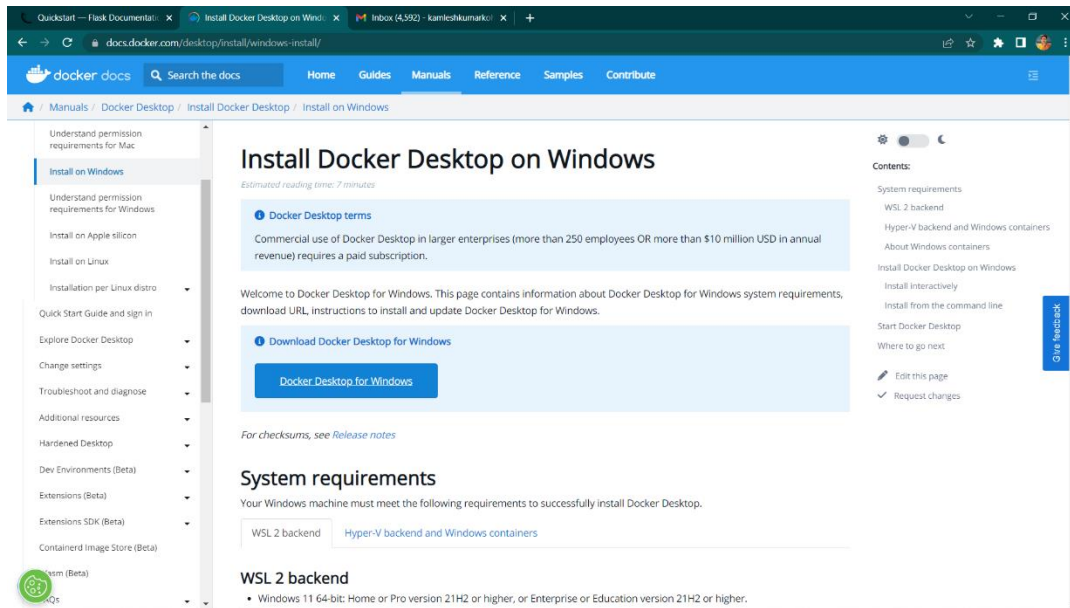

Step 1:

Go the official Docker website: <https://docs.docker.com/desktop/install/windows-install/>

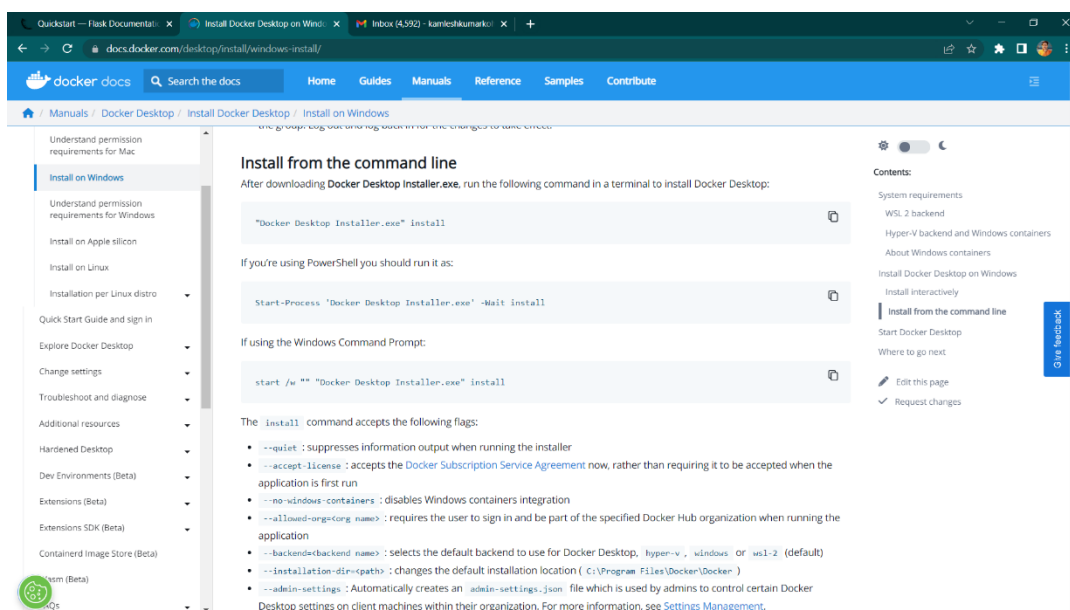

Step 2:

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.

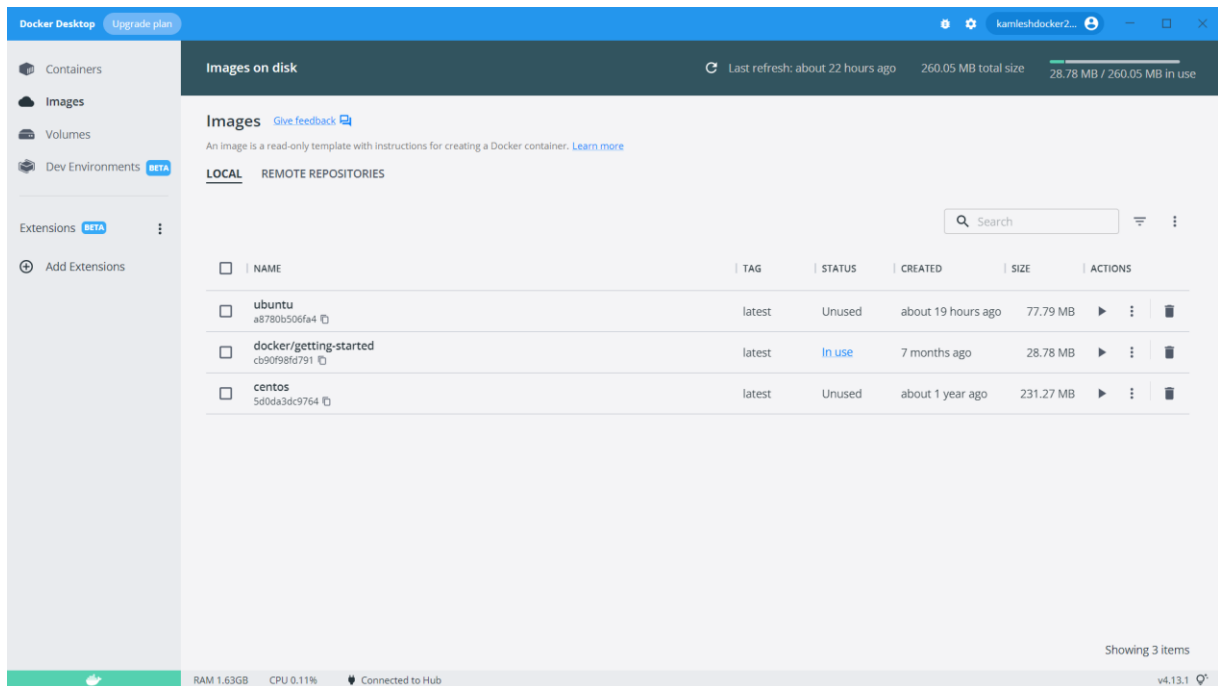

Step 3:

Now Installation is complete. This icon was added in your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

Step 4:

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.

Step 5:

Finally, the docker is installed successfully.
